[redacted]

When would you like to come into our office?

Thanks,

Steph Bernstein
Director of Administration

Strangely, I can't come any of those times. Fortunately, though, the legislature already solved this problem! How about if I give you 48 hours notice of a date and time during the BID's office hours, although I am not required by law to do so, and you figure out a way to make that date and time work as you are required by law to do?

Please confirm DCBID's willingness to abide by the law in this particular instance. Please let me know by Friday afternoon that you will comply with this request.
